SUMMARY OF PUBLIC SERVICE LEAVE

Approval of an application for a public service leave is *subject to the discretion of the department head, the dean of the college, and the provost based upon a variety of factors, including the merits of the project to be undertaken by the faculty member and the resources of the department, college, and University*. Faculty members without indefinite tenure may also request that the period of leave be excluded from the term of the academic appointment, subject to approval by the dean and department head.

Generally, professional leave supported by outside funds is granted for a two year period (or less). Faculty members may request a two year extension (for a total of four years of leave). Periods of leave greater than one year and/or extensions beyond the first year must be approved by the Provost. Extensions beyond four years require exceptional justification and explicit consideration and approval by the president.

Faculty members are encouraged to review the Policy on Faculty Leaves as well as the exclusions from service section of the Appointment and Tenure Policy for details concerning the terms and conditions of the leave of absence. Faculty may also wish to review the Summary of Benefits Eligibility During Faculty Leaves available on the Provost's Office website.
