Lead Applicant Email Address

List any additional CMU applicants ("Project Team") here.

Block 1

Abstract: Please include a summary of the proposed project (140 characters maximum).

Please identify the physical location of your proposed

project on the campus map shared during the project iteration phase.

- ☐ Yes, I have added my project to the map above.
- ☐ Yes, a collaborator has added the project to the map above.

Estimate the total cost of your poject.

Provide a budget overview for how the requested funding will be used. Include cost estimates that have been reasonably well-researched. Be sure to reference any additional funding support from other sources.

Block 2

Please share a brief description of the goals that your project is designed to achieve, including how these goals will influence or shape the campus culture.

Describe how your project adheres to the UPLift [Guiding Principles](#) (Connection, Sustainability, Wellness, Accessibility and Belonging).

Please outline a proposed implementation process, including timeline and logistical considerations and any activities, partners, advertising, technology and other non-budgetary resources that will be engaged in the coordination of the project.
